## DOCUMENT OF UGGIATE TREVANO *(Uggiate-Trevano, 9 luglio 2016)*

The European Municipalities twinned with Uggiate Trevano (I): Adelsdorf (D) Halinga (EST), Pakruojis (LT), Ruaudin (F) Rundale (LV), Rypin (PL) e Tal- Pietà (M)

### MAKE

An agreement of mutual knowledge, friendship and cultural exchange for the configuration and the growth of "Europe of people", supported by the institutions which are near people and everyday life, supposing that in a Continent marked by the crisis, the local autonomies and their communities contribute to create a change based on more human proposals and on the unity towards their challenges

### ASK

Their respective regional, national administrations and the European Union concrete actions, so that the Municipalities can have the necessary resources to protect every citizen from social exclusion, economic marginalization and the negation of the rights for a peaceful living, a family, education, a job, health, welfare in general and a house

### UNDERLINE

The urgency to find again the fundamental values of the European Union reconciling welcome and safety, freedom and human dignity, democracy and valuation of talents, memory and future

### DECLARE

The need to contrast illegality and to establish shared rules to afford the migratory pressures in spite of fears, racism, xenophobia and discriminations, encouraging help in favour of Countries which are involved in wars, conflicts and underdevelopment also with the contribution of the local European communities and favouring the participation to the civil life of the citizens from Third World countries, legally residents in the European Union

### SUBSCRIBE

An engagement to create moments of periodical comparisons about the suggested initiatives according to one's competence and legislation to promote the intercultural dialogue with the immigrants, in order to develop integration, social engagement and voluntary service.
